

BAKERRISK®

**Innovative.
Customizable.
Cost effective.**

BakerRisk Introduces Comprehensive PHA Software Suite PHA-Tool®

PHA-Tool®
Process Hazards Analysis Program

Customize

Easy to use, customizable templates for the PHA method of your choice. Configure risk matrices to meet your organization's guidelines and needs.

Data Management

Upload directly into PHA-Tool® and view plot plans, PFDs, P&IDs, and other process information to ensure process data is organized and stored with analysis worksheets and logs in one file.

Reporting

Professional, automatic HTML and Microsoft® Excel® reports configured to your organization's needs reduce time and effort.
